Seven™

DESERT MOUNTAIN

As they say, it's seven o'clock somewhere...
oh wait, that's just us...as soon as you
step through the doors at Seven Desert
Mountain™.

When you're here, there's no need to look
at a clock because it's always set to seven.
The walls buzz with music, conversation
and high energy while you sample fare from
our diverse menu, quench your thirst with
the 12 beers on tap and 13 handcrafted
cocktails, and immerse yourself in play on
the bocce courts and putting green. Kick
your feet up by the fire pits, sit back and
let our staff and newest venue show you
just how cool seven o'clock can be!

How to Play a Match on No. 7 at Desert Mountain™

No. 7 at Desert Mountain will be a fun, impeccably conditioned, par 54 course that will add so much variety to the golf offerings at our Club. With our newest course getting ready to open, we want to provide our members with information on how the course will be handicapped, and how you can play a match.

According to the USGA guidelines, in order for a golf course to have a slope and rating, the course must measure more than 3,000 yards and have a hole on the front 9 and back 9 measuring over 250 yards from the back tees. This will be the case at No. 7, so golfers playing the back tee boxes will have a postable round. This will allow our members the unique ability to have both a competitive round, as well as many tee options for casual play and enjoyment.

Desert Mountain will be instituting a special handicapping system for No. 7. Stroke allocation will be determined by a player's handicap index. When we open the front nine holes in April, the Club will use the following scale to determine a player's course handicap to be used in a game. Simply plug your index into the chart below to find your course handicap.

| Index | Course Handicap | Index | Course Handicap |
|-------|-----------------|-------|-----------------|
| 0-4 | 0 | 14-16 | 4 |
| 5-7 | 1 | 17-19 | 5 |
| 8-10 | 2 | 20-22 | 6 |
| 11-13 | 3 | 23-up | 7 |

Hole handicap ratings will be determined once the course opens and data can be collected to determine hole difficulty in order to properly rank each of the holes. The preliminary ranking will be determined by the Golf Professional Staff prior to opening to allow for stroke allocation from the beginning of play.

This will be a great way to include all golfers of every skill level in a fun game and allow them to enjoy the great design, conditions and everything No. 7 has to offer. As always, players should choose the proper yardages and teeing areas that best suit their game. Please be reminded that the dress code for golf on No. 7 is identical to the other six courses and carts must always remain on the paths of our new par 54 course. We will offer small walking bags as the course is highly conducive to walking and taking in the beautiful views of Black Mountain and our surrounding community.

SOUTH- WESTERN AMATEUR RETURNS TO DM IN JUNE

Desert Mountain will host some of the country's best young golfers at the 104th **Annual Southwestern Amateur June 12-15, 2019** on the Cochise course. The tournament is known for helping to launch the careers of many of today's PGA champions. Last year's tournament, which was played on the Cochise course, was won by Wells Padgett of Auburn University.

One of the country's leading events for top-ranked amateurs, the Southwestern Amateur is the longest-running men's tournament of its kind in the Southwestern United States and attracts the world's best amateur golfers. Past tournament winners include: Nick Watney, Mark O'Meara, Corey Pavin, Craig Stadler, Tom Pernice Jr., Jay Haas, Ryan Palmer and Ted Purdy.

RENEGADE Playing Tips Hole-by-Hole

- 1) The player will face three options; play to the right side of the fairway, play short of the bunkers or try to hit it over the bunkers. If successful, the last option is the best. The forward green is protected by three bunkers, two in front and one long. A miss right of the green will leave a fairly straight forward chip shot while long and left will end up in a closely mown collection area. A shot can be run-up onto the front portion of the back green.
- 2) It would be advised to avoid the bunker in the middle of the fairway. The player will have more room if playing to the left side of the fairway. A shared green with ample space to run a shot up to the forward portion of the green. Distance control is at a premium when playing to the back portion of the green.
- 3) Feel free to take a good hard swing at this tee ball...this hole has ample driving space. The safer of the two sides on this hole is definitely the left but avoid the rough that dissects the fairway. Bunkers protect the front of both greens and a wash dissects the greens.
- 4) From almost all teeing grounds the player will face a shot that will have to spend some time over the water. Both greens sit on the water edge and are split by a large bunker. The proper miss is short and left to the forward green and the front bunker to the back green.
- 5) Possible birdie or eagle! By avoiding the bunkers in the right portion of the fairway the player will face a fairly straight forward layup. The more the player plays to the right side of the fairway the better angle they will have in to both flags. Consider laying back to the back green. This will leave only a wedge and help the player avoid the bunkering.
- 6) An island green surrounded by desert forces the golfer to play an accurate iron shot. Shots left and right can be held up by the rough, but will likely find the desert.
- 7) Decision time...from multiple tees to the forward green on this hole will be reachable from the teeing ground. To both greens, the player will have the option to lay back avoiding trouble. If playing to the back green the player can challenge a line of bunkers and potentially leave themselves a short shot in.
- 8) Placing a drive in the left center of the fairway will avoid all trouble on this hole. Going over either of the greens will almost assure a bogey at best.
- 9) The hole was designed with a split fairway and the split is in the form of bunkers. There is more room right off the tee than visible. Players will likely decide which direction to play off the tee based on the green they plan to play too. Long hitters will want to hug the left side to cut off yardage on their second shot.
- 10) Much like hole #2, the player must avoid the bunker that lies in the middle of the fairway. When laying up, for the forward green, realize the farther down the fairway you are the more you will have to contend with the greenside bunker. The back green is protected by a bunker left and a bunker long.
- 11) The player will need to focus on positioning a drive in the fairway. The play may not be a driver. You will be faced with a shared green; distance control is very important when playing to the back portion of the green.
- 12) Bail out is to the right for both greens for obvious reasons. The back portion of the green is larger than it may appear.
- 13) The player will be faced with options...in order to have a shorter shot into the green you must pick a line to carry the bunkers. If you want to error on the side of safety, you will want to play your tee ball to the left side of the fairway. This will help you avoid the bunkers but will leave a longer approach shot. The second shot plays uphill.
- 14) The forward green, while likely only asking the player to hit a wedge, will be the most challenging of the three greens on this hole. There is a reprieve to the longest green giving you a wider margin for error and possibly a favorable kick back onto the green. Controlling your distance on this hole is the key to success.
- 15) This is an ideal tee shot for a right handed golfer that likes to play a fade. Just do not overdo it and end up in the bunker. #15 provides ample space to layup and both greens will give the player the option to run a shot up onto the green.
- 16) An immense green with a great deal of undulation. A solid golf shot to the proper quadrant will give the player a good look at birdie.
- 17) Playing up the right side off the tee will likely be an option, but the player will need to weigh the risk and reward. Five large bunkers protect the beginning of the right fairway. If you are unsure of your carry distance, it may be in the player's best interest to play down the left fairway to avoid the bunkers. Cross bunkering will challenge the golfer laying up for an approach into the back green. The back green plays uphill and the player will need to add an extra club for this change in elevation.
- 18) Majority of players should play left of the bunkers, but those wanting a short iron into the elevated green will aim over the bunker. The front portion of this green will play more challenging than the back.

PING G410 DRIVER

The new **PING G410 DRIVER** introduces significant advancements in custom fitting while increasing both forgiveness and ball speed.

MOVABLE WEIGHT — Movable-weight technology enables you to position the center of gravity for controlling your ball flight, providing you with tour-level fitting.

CUSTOM CG LOCATIONS — Three positions (Draw, Neutral, Fade) for the ultra-high-density tungsten back weight shift the center of gravity (CG) location in each direction, from neutral,

to influence left to right-shot direction. Weight positioned on the extreme boundary increases MOI to elevate ball speed and forgiveness for hitting your tee shots longer and straighter.

8-LOBE TRAJECTORY TUNING — Trajectory Tuning 2.0 in the G410 drivers utilizes a new lightweight, aerodynamic hosel sleeve that provides eight positions for influencing ball flight through loft ($\pm 1.5^\circ$) and lie adjustments, including up to 3° flatter than standard.

FAST FORGED FACE — To accelerate ball speed for more distance, the T9S+ precision-machined forged face undergoes a patented heat-treatment process, creating a thinner, hotter impact area for maximum flexing. The forging and the head's internal geometry are key to the powerful sound and feel.

INTERNAL DRAGONFLY TECHNOLOGY — A new “creased crown” design in the 455cc head has stiffening properties and combines with patented Dragonfly Technology inside to create an ultra-thin crown structure, saving weight to optimize the CG and increase forgiveness.

STREAMLINED SHAPE — To reduce drag in the downswing for increasing clubhead speed, ball velocity, and distance, the crown is aerodynamically shaped and is equipped with more aggressive and efficient Turbulator Technology.

ODYSSEY STROKE LAB PUTTERS

Stroke Lab putters are targeted at any golfer who wants to putt better (that's everyone). The Stroke Lab lineup consists of 10 great shapes — six mallets and four blades — all with the new White Hot Microhinge insert for smooth roll and great feel, and in a choice of pistol or oversize grip.

HOW IT WORKS — Most putting strokes are inconsistent. Yet most putting technologies focus on improving alignment or the quality of roll. That's all good, but there's more help needed.

The new Stroke Lab putters actually help improve the golfer's stroke, including backswing length, face angle at impact, and head speed through impact and tempo, all through a profound change in weight distribution made possible by an innovative new shaft. This is a completely new approach and only Odyssey has it.

BREAKTHROUGH SHAFT DESIGN — The Stroke Lab shaft is a full 40 grams lighter than a traditional steel putter shaft, made possible by an innovative new multi-material shaft design that combines graphite with steel to weigh just 75g.

WHITE HOT MICROHINGE — Legendary White Hot feel returns, now packed with Microhinge technology. Odyssey's new White Hot insert is highly engineered for improved sound and feel. Microhinge roll technology promotes immediate forward roll for improved speed and control.

Call the JFGPC to schedule your fitting or for more information on the new PING & ODYSSEY lineup!

PING Hoofer & Hoofer Lite Stand Bags

New from PING are the 2019 model Hoofer and Hoofer Lite stand bags that have been receiving rave reviews across the country since they launched in early February. The Hoofer features twelve pockets of various shapes and sizes that keep your items conveniently stowed, and a five-way top that organizes and protects your clubs. The Hoofer was rated the #1 stand bag by MyGolfSpy for 2019 for featuring best in class styling, durability, and stand system. The Hoofer Lite is a lighter-weight bag that is durable and more compact, featuring seven pockets and a roomy four-way top. The Hoofer Lite was rated the #3 overall stand bag for 2019 by MyGolfSpy, and is an outstanding option for walkers who are looking for great all-around performance and more durability from a lightweight carry bag. Both bags feature a new strap connector that eases on/off, and shoulder pads integrated with SensorCool Technology. With nine great colors to choose from in each model, we invite you to stop by any of your Desert Mountain golf shops to see both of these top-rated stand bags featuring your club logos!

Callaway ERC Soft Golf Balls

The new Callaway ERC Soft golf balls feature some of the best technology stories of 2019 when it comes to golf ball innovation. At its heart, the ERC

Soft is a four-piece distance ball. It has a dual core like the Chrome Soft that has been infused with Graphene, which is an extremely strong and flexible nanoparticle. By adding Graphene to the outer core, Callaway can make the inner core larger and softer for more speed, and the outer core stiff without having durability issues. Over a thin mantle layer, Callaway added an entirely new hybrid cover material that is Surlyn based, but by adding a few more ingredients that are shared by urethane balls, it becomes softer, faster, and more durable. As a result, the ERC Soft is a low-spin, high-speed distance ball, with a soft-feel cover that is easily grabbed by the grooves of wedges and short irons. That gives the ERC Soft greenside spin that golfers typically don't get from a distance ball. The ERC Soft spins more than some urethane-covered balls on shorter shots. Lastly, the ERC Soft features the latest in golf ball alignment technology with Triple Track. Studies showed that golfers can more easily align three lines, arranged this way, using these colors, than other methods. The ERC Triple Track lines have already been utilized by players on Tour, and have been requested by golfers of all ability levels. The ERC Soft is available at all Desert Mountain golf shops, and comes in both white and yellow models.

FEATURED DISH

Basil Pesto Grilled Swordfish Tableside

At Apache, one of the newest additions to the menu is a Basil Pesto Grilled Swordfish. The Grade A Swordfish is purchased & shipped directly from Kanaloa Seafood based out of Santa Barbara, California. Kanaloa is the first certified sustainable seafood company in the United States. Their Swordfish is line caught and flown direct the following day. To highlight the beautiful Swordfish that Kanaloa offers, we have decided to keep the presentation light, healthy, and gluten free. The Swordfish is simply grilled with quality olive oil & kosher salt. Once the fish is cooked, we spread a toasted pine nut & basil pesto finished with a hint of lemon. We serve it over zucchini, squash, and carrots that are cut on a mandoline to resemble linguini. To keep the integrity of the vegetables and prevent it from overpowering the delicate Swordfish, we sauté them in olive oil, shaved garlic, salt and pepper. The blistered cherry tomatoes are tossed with olive oil, salt, pepper and fresh thyme, and roasted in a hot oven until the skins start to peel away from the flesh.

Once the Swordfish Entrée is presented to the guest, the wait staff pours over a hot Tomato Consommé tableside. The consommé bursts in flavor of fresh Roma tomatoes.

How to Prepare Tomato Consommé

Quarter Roma tomatoes, place them in a mixing bowl and season them with fresh thyme, fresh basil, garlic, salt and pepper. Once seasoned, cover with cling wrap and let sit for a minimum of 4 hours. The salt will pull the moisture out of the tomatoes. Place the bowl over a double boiler and heat for 20 minutes or until the tomatoes are softened. Pour the hot mixture into a coffee filter that has a catch pan underneath. Let the tomatoes sit overnight without disrupting. The next day, you will have a completely clear tomato consommé.

SPRING KID'S CAMP AT SONORAN

DM|LIFE *outdoor*

Horse and Man: A True Bond

"Horses reflect people's emotions; they are capable of feeling the same feelings as us, except revenge," says Vicki Dryer, owner of PFC Equine. Vicki and her family run the horse program here at The Ranch. Each week, they bring up 6-9 horses from their 22-horse ranch in Cave Creek to provide lessons, horsemanship and trail rides to our membership. What you may not know is Vicki is a Certified Equine Specialist in Equine Therapy. She is very involved with the Veteran's Horse Rhythm Foundation,

dedicated to helping active military, veterans, and first responders suffering with mental health disorders and physical disabilities find their transition into healing and independence using equine assisted services.

Vicki has been around horses her entire life. However, when her son was killed in Afghanistan in 2011, she stopped riding for a year. It wasn't until she began rehabilitating an injured horse that she came back to life herself. "The only time I'm 100% present is when I'm with my horses," says Vicki. "Horses are herd animals that need to feel valued and have a sense of belonging, same as people." It's why equine therapy helps so many people, including our own right here at Desert Mountain.

Over the past two seasons since PFC Equine has served Desert Mountain, Vicki has worked with many of our members who are struggling with both mental and physical illnesses and disabilities, including extreme back issues, anxiety, cancer and paraplegia. Some love to saddle up and ride while others prefer to just be with the horses, helping feed, groom and bond with them. Whatever the need, PFC Equine has many innovative programs designed to deliver a truly intimate experience with their beautiful horses. Vicki and the horses are at The Ranch Wednesday evening for the weekly Sunset Trail Ride through Saturday each week.

Do you play Pitch?

Looking for "Pitch" players. If you are interested, please email Brad Brody at wdmmedic@aol.com

HOW TO PLAY PITCH

Pitch is a trick-taking game using a standard 52-card deck; each player is dealt six cards. Each player can bid on the value of his or her hand and plays to take tricks and get points. Although one player wins the bid and tries to take all the points, all players can get points by taking key cards.

Desert Mountain Hunt Club

We are looking to reinstate the DM Hunt Club. If you would like to learn more about future hunts/activities, or have any questions, please contact Barry Rundle at brundle625@aol.com or Mike McTigue at MPMcTigue@yahoo.com.

Antique Appraisal Event

The first **Desert Mountain Antique Road Show** was held in January and was well received. Elena Von Kohn who has bought and sold antiques for more than 25 years, specializing in European and American Old Masters and collectables, was on hand to give her appraisal of some interesting "treasures" from among our members!

Guest Pass Access AT DESERT MOUNTAIN

We welcome your guests to our wonderful Club. All non-family guests can experience the Club only as an accompanied guest of a member. There are two ways family guests can experience the Club.

ONE

Accompanied by a member.

TWO

Unaccompanied Family Guest Registration, available for our non-golfing guests. As a private club, unaccompanied family guests must be identified on the member profile as an approved, eligible family guest, and an unaccompanied guest use form submitted and authorized before gaining access to our Club amenities. **Authorization takes 24-48 hours to activate**, and members must accompany guests until authorization is confirmed.

HOW TO ACTIVATE

Members must register unaccompanied family guests on the member website.

1. Click on the GUEST USE FORM which is at the bottom of every page on the member website.
2. Complete this form prior to your family guests' arrival. After completing the form, press **submit** at the bottom of the form page.
3. You will receive an email confirmation after completion of the form, authorization will take 24-48 hours.
4. Please forward this confirmation to your guest, and they will receive instructions on how to submit their photo. A photo is required for completion.
 - a. Your guest will need to email a "headshot" or "selfie" to memberguestpass@desertmt.com prior to their arrival. Please do not send a driver's license photo, this will not be sufficient for clarity.
 - b. The email will also provide contact information and further details should your guests have questions.
5. Once the electronic photo and waiver are received, electronic access will be provided to those that are authorized. Please note: no physical passes are issued and photos are required.

Please note all golf guests must be accompanied by a member. Review our guest policies on the member website, and for more information, please email memberguestpass@desertmt.com

NATHAN CARL JOINS MEMBERSHIP SALES TEAM

We are very excited to announce beginning May 1, Nathan Carl will join Nicole Forbes and Cherie Crooks full time as the Membership Relations Manager. Nathan has been with Desert Mountain in golf operations

for the past 17 years and knows every course like the back of his hand. His relationships with our members is affable and held in high regard, with a spirit of service that is contagious! Nathan brings his extensive knowledge of Golf, our Members and Club operations to the sales team, and we could not be more thrilled to welcome him to his new role. Nathan will be transitioning between golf and sales throughout the busy month of April before moving full time into sales on May 1. Please join us in congratulating Nathan!

INTRODUCING TWO NEW NON-EQUITY MEMBERSHIPS

With the approval of the new Club Bylaws, the Board and Management are pleased to introduce two new non-equity membership categories. These memberships have been added to the Club Bylaws.

NON-EQUITY JUNIOR LEGACY MEMBERSHIP

QUALIFYING AGE: 25-35

A Non-Equity Legacy Junior Membership will provide the adult children and grandchildren of our members an opportunity to utilize Club facilities, including limited golf privileges on their own! Many of our members have expressed an interest in gifting the opportunity to continue enjoying the Club and enhancing their golf game to their adult children and grandchildren. The new Legacy Junior Membership will provide this opportunity, offering a great chance for our next generation to begin their own membership experience.

Please contact

Nicole Forbes at nforbes@desertmt.com or Cherie Crooks at ccrooks@desertmt.com if you are interested to learn more. The detailed terms will be provided upon request.

SENIOR GOLF MEMBERSHIP

MINIMUM AGE OF 75

MEMBERSHIP TENURE: MINIMUM 20 YEARS

We have revised the Senior Golf Membership to be a non-equity membership where the approved Senior Membership will retain limited golf privileges for discounted dues, and have the ability to surrender their membership at any time. This membership has no impact on our current Senior members who will enjoy the same privileges they have today.

Please contact:

Deb Delcore at ddelcore@desertmt.com

These two new memberships have specific restrictions and are subject to dues, fees and other charges.

YOUTH *Angels*

ERIKA & ROGER GREAVES FOUNDATION

YOUTH ANGELS FOUNDATION SUPPORTS THE COMMUNITY'S FINEST!

ABOUT US AND OUR CAUSE

The Erika & Roger Greaves Youth Angels Foundation is a private foundation under the umbrella of the Arizona Community Foundation's 501(c)(3) that is dedicated to supporting Education. Education has been important to us in our past, and it continues to be for our future. Thanks to a special "Angels" donation, we have been able to raise our scholarship opportunity from \$25,000 to \$40,000 per student.

WHAT WE DO

Administration is a rounding error in this scholarship foundation as 100% of funds raised go directly to scholarships. We support youth who want to go to a trade school, community college or to a four-year university. With a mission of hope, encouragement and success, the Foundation believes that all things are possible through motivated learning. We are dedicated to creating paths to a brighter future for those who show they are serious about learning. An annual golf tournament, now in its 14th year, plus private donations have helped to raise nearly \$4 million for education! In the early years, the dollars were directed toward scholarships for deserving and needy youth, identified through the Valley of the Sun YMCA network. In 2014, we moved under the auspices of the Arizona Community Foundation. Under the ACF umbrella, we are now able to reach out to many candidates, including Military, active and reservists, plus the dependents of Central Arizona First Responders, Fire and Police. We believe these young people are most likely to complete their education and become outstanding members of society.

Also, our partnership with the Military gives us, our sponsors and donors, another way to say "THANK YOU" for serving and keeping us safe.

YOUTH ANGELS GOLF & DINNER EVENT

Sunday, May 5
Cochise/Geronimo Clubhouse
\$175 per member
(\$275 for non-members)

Includes:
Golf in the morning with
coffee & sweets and cart fee

Dinner with hosted bar

This year's theme will be an "American Cinco de Mayo", a combination of cultures that Makes America Great! (attire is western)

This is a "thank you" event for all you have done to help provide scholarships in the past and the future!

We continue to support dependents of First Responders Fire, Police, and Military personnel. Currently, we have 12 students enrolled in various universities, one recently graduated with a Master's degree and two more scheduled for graduation soon. The system works!

Join us and meet our Police & Fire chiefs at golf in the morning, or dinner in the early evening.

100% of the donations go to **Youth Angels - Erika & Roger Greaves Foundation**

A BIG
Thank You!

Thank you to all the participants and volunteers that made this year's **CARE OLYMPICS** a lot of fun and a great success. All that **CARE** does in the fight against cancer would not be possible without the enormous generosity of the Desert Mountain members.

The 2019 Olympics are over, but it is never too late to fund local, world-class cancer research, to donate, visit the DM Member website and click on DM Gives Back, then click on CARE.

The Desert Mountain Community Foundation provides the Desert Mountain community with tax-advantaged giving options to support community organizations and Desert Mountain employees through the DMCF Scholarship Fund.

The Scholarship Fund provides need-based support to eligible Desert Mountain employees, their spouses, and dependent children and grandchildren, as these individuals pursue their educational goals. The scholarship program is also open to employees of CCMC, the company that provides professional management to the Desert

Mountain Homeowners Associations. Read more about scholarships awarded by the Desert Mountain Community Foundation on the DMCG page of the member website. The Desert Mountain Community Foundation has awarded nearly \$205,000 in scholarships to students.

2019 Cactus Classic and Pinnacle Aviation Putting Challenge

Outlaw was the perfect setting for the Cactus Classic Staff Pro-Am and the 2019 Putting Challenge on March 20. This full-day event raised money for the DMCF Scholarship Fund. Congratulations to **Pete Selda** who sank the most putts to win the coveted trophy and \$500 gift card to the Desert Mountain Pro Shops. The Golf Professionals had their own Putting Challenge with **Kyle McNulty** earning the 1st Place title and a \$300 gift certificate to Maestro's, and **Rocco Mazzanti** taking home 2nd Place and a \$200 gift certificate to Maestro's. Thank you to everyone who participated in the Putting Challenge to support the DMCF Scholarship Fund.
